Letter of Recommendation - Jack Mausser

Jack Mausser is focused on reaching his full potential of becoming the best baseball player and young man he can become. He is intentional and diligent in all facets of the game. In the weight room, Jack is the most consistent and hardest working. He takes advantage of every opportunity and is a clear natural leader. Our athletes are positively impacted by Jack's energy. I see them gravitate towards him as Jack is liked by everyone. One prominent trait of Jack's is his coachability. He is extremely receptive to feedback and knows how to handle criticism properly. I have come across very few high school athletes as mature, motivated, and as calculated as Jack Mausser.
